

26 September 2018

**NOTICE TO DP WORLD AUSTRALIA CUSTOMERS:  
AMENDED INFRASTRUCTURE ACCESS CHARGE DP WORLD AUSTRALIA'S FISHERMAN ISLANDS  
TERMINAL FROM 1 JANUARY 2019**

Customers are advised that from 1 January 2019, DP World Australia will be increasing the Infrastructure Access Charge at our Fisherman Islands Terminal for road and rail operators, and will also be adjusting a number of ancillary charges.

The infrastructure access charge will be \$65.15 per container (exclusive of GST) and will apply to all full containers received or delivered via road at Fisherman Islands Terminal. Full containers received or delivered via road will be charged to the road carrier through the 1-Stop Vehicle Booking System.

In addition, we will adjust a number of Container Terminal Ancillary Charges that will apply at Fisherman Islands Terminal from 1 January 2019. These include:

- VBS Administration Fee – electronic
- Stack Run In & Out Fee
- Direct Return of Empty Booking Fee

Details of changes to Container Terminal Ancillary Charges are available at [www.dpworldaustralia.com.au/](http://www.dpworldaustralia.com.au/)

We recognise the importance of working closely with operators as part of implementing new or increased charges which is why we are providing extended notice, of more than 90 days, to assist with this transition.

Ongoing access to Fisherman Islands Terminal will be conditional on payment of the charges as per our conditions.

Infrastructure access and usage charges are vital for ongoing investment. In the past year, DP World Australia continued to invest heavily in critical infrastructure across the business. Equity in charging is also important. DP World Australia is continuing the journey to a rebalanced revenue recovery from waterside to landside, to ensure a sustainable future in an increasingly competitive market.

A financially healthy stevedoring industry is vital for the long term economic well-being of Australia.

Yours sincerely

Ravi Sheshadri  
General Manager Commercial  
NSW and QLD  
DP World Australia
